you was a good me. I wish

you huck in the feture. Its

free and look for the good If I could save time in a bottle The first thing that I'd like to do Is to save every day 'Til Eternity passes away Just to spend them with you If I could make days last forever If words could makes wishes come true I'd save every day like a treasure and then, Again, I would spend them with you But there never seems to be enough time To do the things you want to do Once you find them I've looked around enough to know That you're the one I want to go Through time with If I had a box just for wishes And dreams that had never come true The box would be empty Except for the memory Of how they were answered by you

1974 DHS WOMAN OF THE YEAR

DIANE DINSMORE RIVERA

DEDICATION . . .

With Pride, Affection and Gratitude . . .

She is rather tiny person but in physical stature only because in all other ways she is a giant amazon. Physical stature is no guide to physical and mental stamina and this year's Woman of the Year has proven that — Mrs. Diane Dinsmore Rivera.

She is a female whirlwind when it comes to the Class of 1974. She has been this class's advisor for only two years but she has worked hard to make it the best senior class that Depew has ever produced. Even more than Class Advisor, Mrs. Rivera is a splendid teacher, a dynamic individual and an inexhaustible source of energy. She is never standing still. During her tenure here at DHS she has organized DHS's Spanish Club and has been its advisor, for no pay, for most of its life. She organized and has been a part of the Senior Variety Show both as performer and staff member since it was started. She has the kind of

get-up-and-go that made her enter the Miss Lancaster contest in 1970 and as far as this class is concerned, she won that contest "hands down". She is warm, eager, affectionate and yet, demanding, both in her class room and outside it. Need assistance? She will be there giving her all without waiting to be asked. She has a deep affection for all students at DHS which everyone feels even from across a room. Anyone who has worked with her at football and basketball refreshment stands know what a dynamo she is. Even there she would never ask anyone to do anything that she hasn't already done. She is a joy as a teacher, as an advisor and as a friend.

To Mrs. Diane Rivera — Our lasting affection — our humble gratitude and our great pride in dedicating this book to you as 1974's Depew High School Woman of the Year!

"If I said it in Spanish you wouldn't understand it either! So let me repeat . . . Please sit down!"

"This is one of those rare moments when there are not students who need my attention; so I'm trying to find a recipe for my husband's dinner tonight!"

After school hours are important if one is concerned about doing one's job to the best of one's ability. After all - the best time to get work done is when all the kids are gone!

We are sometimes concerned about our advisor's sanity! With all she is involved in we are constantly amazed that she can still maintain her "cool" but she does it with ease. And she does get everything done, too! That is the most amazing part of Mrs. Rivera.

"These blasted lesson plans! Why do we have to do them? I know so well what I'm doing each day that I can do it in my sleep!"

"Do you mean to tell me that no one has done today's lesson? I know that I gave the assignment in English but I thought you all understood English?"

"Let me see ... you owe the class \$10,00 for the last candy sale and \$2,00 from the one before that! That's what it says right here!"

The

Pride

do ...

CHESTER TOMCZAK

CHESTER TOMCZAK. We are all aware that guidance counselors are concerned with students and their academic problems. We are also aware that there are degrees of concern - from a concern that borders on boredom to a concern which is all-encompassing. It is the latter that sums up "Chet" Tomczak. His concern for EVERY student is all-encompassing. It covers concern for the student's academic life at DHS and his academic life beyond DHS; it covers concern for the student's mental and moral well being both at DHS and beyond and it covers concern for the students physical well being also. As a matter of fact, his concern covers every possible facet of each and every student's yesterdays, todays, and tomorrows. For Mr. Tomczak there is no such thing as a "nine to five day". His concern for students covers a twenty-four hour period each and every day

He can always be found in his tiny office in the counseling center—seemingly away from the mainstream of DHS—but in reality the mainstream runs right through that tiny office because he has his hand and heart on the pulsebeat of DHS

"He is always trying to help you decide what is best for you!"

"He is so easy to talk to so easy to confide in."

"He is truly dedicated to helping us kids. He will never try to push you into doing what you don't want to do . . . but he will try to make you see the advantages of any choice — if there are any."

"He is always willing and ready to listen to your problems whether academic or of a personal nature concerning home, a friend or what."

"He shows a great deal of kindness, consideration, thoughtfulness and wisdom in his approach to help young people help themselves."

"He is everybody's friend."

"Yes, sure I've not time I realize faculty needs course, ng. to So come on into my cueby hole and we'll talk."

"Boy" Some at the obsides these sids make?
What sohiol can you recommend to some me who wants to become President?"

"Olde since my next appointment is in twenty minutes, do you think I raye time for a cup of coffee"

KATHERINE KONST

KATHERINE KONST: The class of 1974 feels that no where in the world except at Depew High School is there anyone like "Kay" Konst. Each and every person who comes into contact with this LADY, comes away a better person! This cannot be helped! This is the nature of things! It is as inevitable as death and taxes!

Miss Konst oozes love and concern and faith and goodness from every facet of her being. Her dedication to her profession is synonomous with her dedication to the youth of our community. Her concern is with the WHOLF student . . . his or her intellect, his or her health; his or her morals; his or her hopes, fears, joys and sadnesses. She is incapable of viewing a student simply as a student. She sees every student as a person and what is even more amazing—she sees each as a fine and decent person. She is always concerned about every student: his every day life; his future, his whole life.

"She is discipline's best salesman. She claims that 'life is not worth living without self discipline' and she, herself, is the best example of this philosophy."

"There is never a dull moment when you are with her."

"She has get-up-and-go where her students are concerned."

"Her day is never regulated by a clock if a student is in difficulty."

"She treats everyone with respect and genuine interest."

"She exudes a feeling of warmth, kindness and understanding."

"She prepares her students for the world outside."

"Trust her, she trusts you."

"We'll try this one again ... and again ... and again ... and again and as many times as needed until you get it."

"You mean you all understand it? Well, I'll be

"I don't me where you have difficulty' It is so plain and easy!"

ROBERT FROST

ROBI RT FROST: Because he has done so much for the school for so many years, the Class of 1974 and the 1974 Sentinel Staff would like to point with pride to Mr. Robert Frost. He has dedicated most of his adult life to teaching and helping students in any and every way he could. He is involved with almost every student at DHS and treats each and every one of them as distinct individualists. Mr. Frost projects a sense of humor and a warm personality in his smile alone. He has given countless hours of his time guiding sports enthusiasts in sports activities . . . he has made himself an integral part of this school.

His warmth and friendliness are portrayed in everything he does Mr. Frost is highly respected and greatly admired by all students because of his tremendous ability to make a class and school well worth coming to. He has done a great deal for the morale of those who come in contact with him for which everyone is so grateful. Thank you, Mr. Frost, for your guidance, leadership and dedication to us all.

"His warmth and humor create a great classroom atmosphere."

"He is not an ordinary teacher! He has applied techniques in teaching which have inspired all his classes to want to learn." "Mr. Frost was a leader on the athletic field as well as in the classroom

"He is the perfect blend of humor and seriousness."

"He'll always have a bit of humor when the time calls for it; however, when teaching is the busines... he is a full teacher."

"He does his part and more in giving us what we want and we appreciate him for it."

"He makes learning an enjoyable experience; a combination of laughter, work and trusting concern

"Cops! Sorry! This is what my son frow for me in the way of firections are mark home in case I got lost."

Mr. Frost recent ne the Versity Declar Award at the Spring Sports Rang et where it was the Honored Guest. With Mr. Frost is Mr. Paul Gagliardi, advisor for the Varsity D Club,

"Ok a" Now et a tracte! If a real-colorisms are correct we should be able to get a mored with this stuff."

ROY SAPORITO

ROY SAPORITO: Perhaps no other member of the teaching faculty is more concerned about students of DHS as individuals with individual problems than Mr. "Sap". He is one of those unique individuals at DHS (and we are sure, elsewhere as well) who can be two things at once...no... three things birst a teacher who feels that he must teach other things in addition to the subject matter in the curriculum; secondly: a good fistenes and advisor who is always with a to provide that shoulder "to cryon" or that shoulder "to lean on"; thirdly: a friend. The class of 1974 feels that the students at DHS are indeed fortunate to have a faculty that includes a person like Mr. Roy Siporito.

"He doesn't come down to our level, he brings us up to his."

"He puts a lot of time and effort into understanding his students."

"He is really up on what kids are like today."

"He is a person who makes you feel important as a person."

"He will never turn away from a student who needs help. He is always ready and willing to be of assistance."

"He is kind, open, honest and understanding."

His classroom has a relaxed atmosphere and he is relaxed and informal which is conducive to learning

He is not above be no theatrical if it will assist in getting the student's at the ions so that he can leave

"Write another paper like this once and you'll be in for a double karate chop!"

REGENTS SCHOLARSHIP WINNERS

SHERYL ATLAS

The Sentinel Staff presents to the Class of 1974, the entire student body and the faculty and community the winners of the 1974 New York State Regents Scholarships. Each of the winners is an active member of the class of 1974 and is involved in almost all aspects of life at DHS. We congratulate them and wish them well in all their future endeavors and we know that they will bring honor and glory to DHS . . that is, they will bring MORE honor and glory!

THERESA JACHIMIAK

JOHN REYNOLDS

MICHAEL HENS

JOSE PH LIPUMA

MICHAEL SMOLAREK

Our congratulations also to Miss Eileen King who was also a Scholarship winner. Eileen completed her studies in Summer School and is now attending college. The Sentinel Staff and the Class of 1974 also wishes to congratulate the alternate winners: Robert Fraser, Karen Hullihen, Patricia Punno, Theresa Bromley, Cynthia Canfield, Donna Engler, Pamela Giza, Zelma Kruszona.

FHF MOST ATHLETIC Debbie Szostak and Mark Kempski

HILL 81 ST DRESSED: Jeanine Cerullo and Tom Bare

SENIORS WITH THE MOST . . .

This year, for the first time the Yearbook Staff thought the time had come to recognize those unsung heroes of DHS... the seniors who were most involved with the senior class in one way or another. It was decided to ask the members of the senior class to vote for those among them who they thought were the most serious. the most outgoing, the most athletic, the most talented and the best dressed. Here are the results of the votes

THE MOST OUTGOING Debbie Szostak and Randy Lett

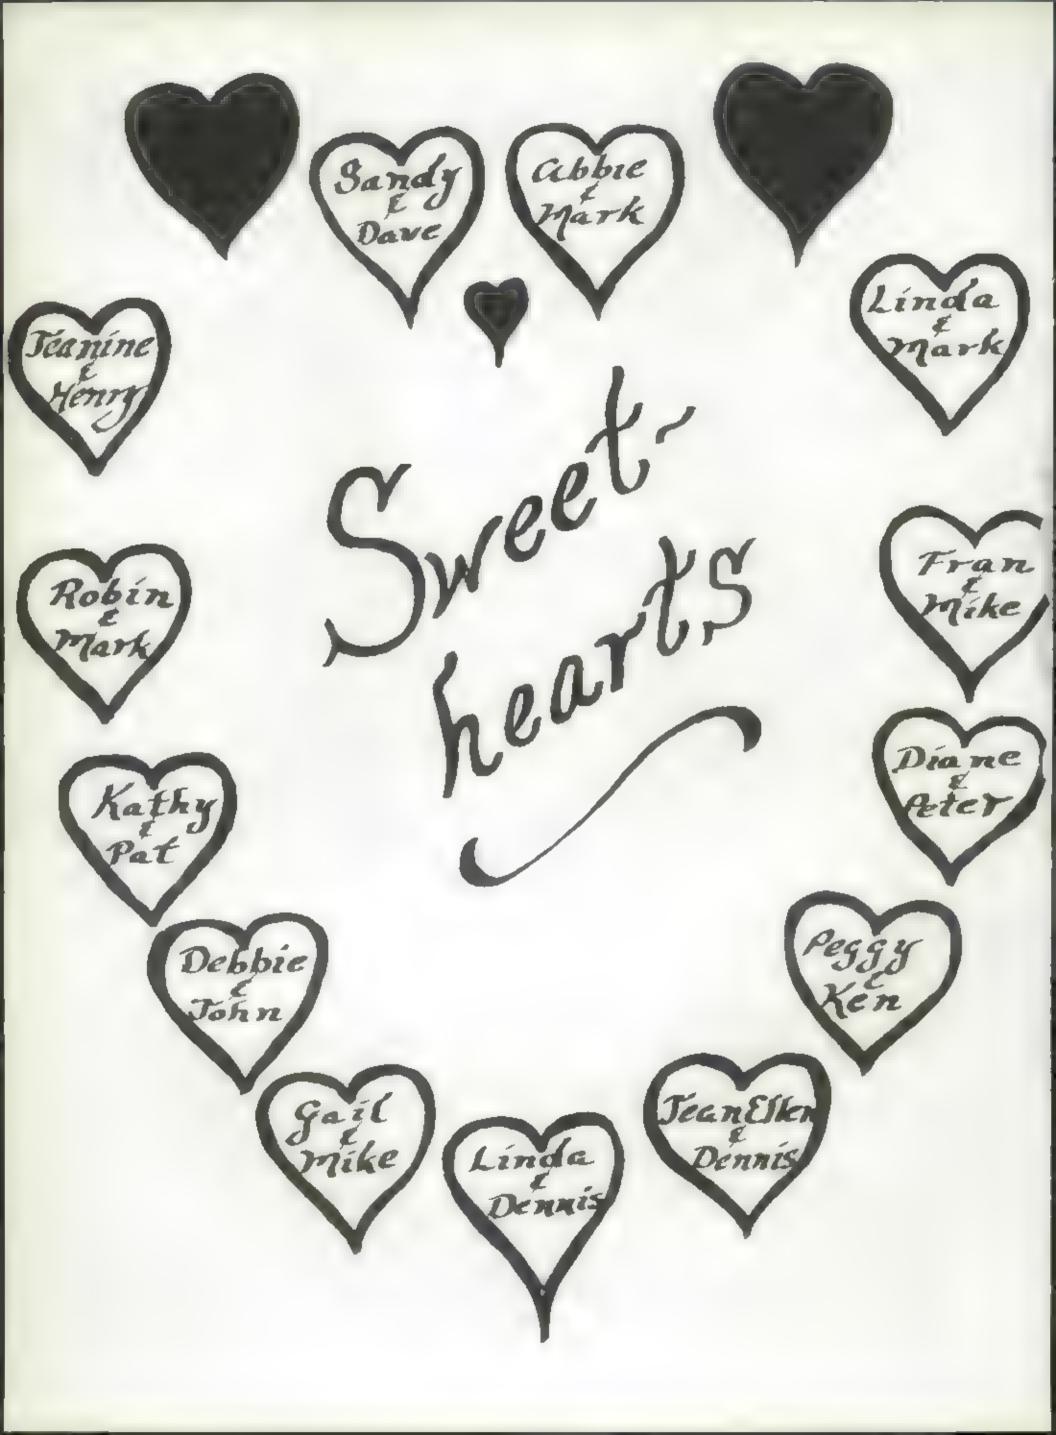

THE MOST SERIOUS Michael Smolarck and Karen Hulbhen

THE MOST TALENTED Karl Schmidt and Debbie Szostak

Our congratulations to the 1974 Seniors with the most. We agree wholehearted with the choices mady by the Class of 1974.

MARCO F GUERRA Superintendent of School

A career that spans a period of thirty-five years in the Depew Public Schools is coming to an end this June. Mr. Marco Guerra started teaching in Depew High School in 1939, teaching Latin and Social Studies From the classroom to guidance counselling to Superintendent of School, that is the direction his career took. Thirty-five years of dedicated service to the school and the community is a wonderful legacy to leave behind. While he was teacher and counselor Mr. Guerra also served as yearbook advisor (1948), advisor for several senior classes, coach of Depew's tennis team, and President of Depew Teachers Association ... as anyone on the faculty who had done just one or two of these things will tell you that sort of extra-curricular activity takes up a great deal of a teacher's time. We are quite sure that Mr. Guerra gave of his time and energies willingly and happily. Mr. Guerra's tenure as Superintendent of Schools for Depew Public Schools began in 1959 and when he retires in June of 1974 he will have dedicated fifteen years of his life to that position. Think back of the past fifteen years and note the changes that have taken place in the Depew Public Schools during Mr. Guerra's term at the helm. This system has grown in leaps and bounds and the quality of our education, the size of our buildings, the size of the student body and the faculty has kept pace. Mr Guerra deserves a heartfelt thank you from the entire student body, the faculty and the entire community for a job well done.

It is the fervent wish of all the above mentioned that his retirement bring him the peace, contentment and the pleasure that should rightly be his. We also wish that his retirement result in a very long and healthy future for Mr. Marco F Guerra. You have earned it. Mr. Guerra. Enjoy it

Really!"

ADVISOR — CLASS OF 1974

"Many things have contributed towards making my Senior year a memorable one. Mrs. Rivera is one of those, I am very proud to have been able to work with a person who truly understands my feelings and anxieties. Her wisdom in practical matters have been an invaluable aid to the smooth operation of class affairs and her intelligence and dedication make her a true asset to DHS. Thank you, Mrs. Rivera, for helping me grow this year as a person."... Joseph LiPuma, Class President, Class of 1974

"In the past two years, during which Mrs. Rivera has been the Senior Class Advisor, and the years before during which I have had the pleasure of knowing her. I have come to really know the kind of personshers. I cannot think of any way that the class of 1974 can show their appreciation for the kind of leadership and dedication she has shown us.

Still — we, the Class of 1974, wish to extend to Mrs. Rivera our eternal gratitude and most sincere thanks for all she has done to make our class the best ever at DHS."... David Baran, Vice President of Class of 1974.

"Mrs. Rivera has the warmth and understanding needed to be a good teacher and a great person. She has opened the doors of communication between student and teacher. As Advisor of our class, she has lived up to its demands and with her knowledge and guidance the class has truly progressed and benefited. I, myself, have been greatly enriched by working with her so closely."... Shery! Atlas, Treasuret, Class of 1974.

"I think that Mrs. Rivera has been a fantastic advisor! She is very understanding and really puts her utmost into everything she does. I feel that she is the best advisor the semor class could have possibly had."

Theresa Bromley, Secretary, Class of 1974

AND FROM THE REST OF THE CLASS of 1974; THANK YOU, MRS. DIANE RIVERATOR

"Are you telling me that my records are incorrect?"

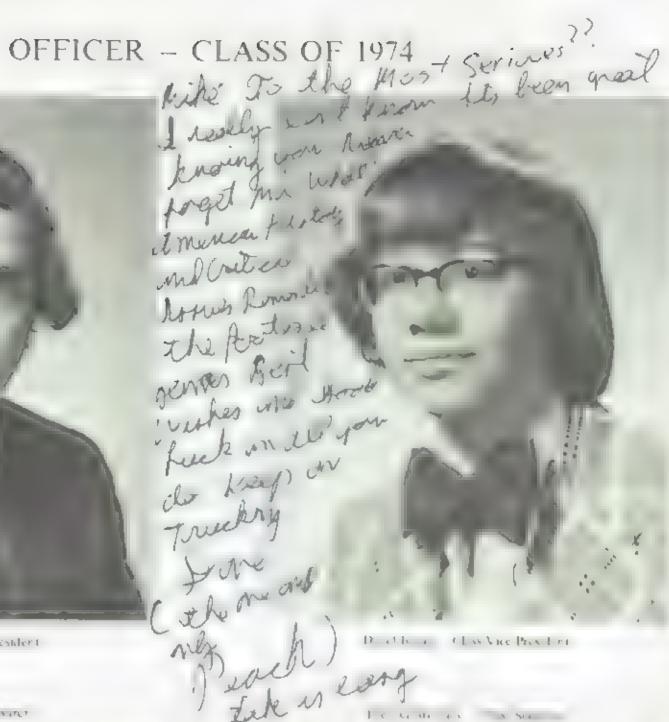

"This is the time of year I hate! All these grades have to be averaged and I can't even add one and one and get two most of the time!"

ANNUAL SPORTS AWARDS BANQUET — 1974

The tremendous success of this year's Annual Sports Award Banquet was due largely to the efforts of the Director of Athletics, Mr. Frank Constantino

In addition to honoring outstanding athletes of Depew High School, this year, the Key Club was responsible for an additional high spot of the evening—the awarding of the Key Club Award to Mr. Robert Frost in appreciation of his dedication, inspiration and perspiration on behalf of Junior Varsity Football for the ten years he had coached the team Mr. Frost was the most honored guest of the evening at the Sports Award Banquet and for this reason the SENTINEL. Staff and the Class of 1974 congratulates Mr. Frost on a job well done and the Key Club for their choice!

Others who were honored this night included the present JV Coach and Assistant Coach - Mr. Garth Gifford and Mr Martin Connelly. In golf it was Randy Gerlach who was honored. In cross-country Jim Ogledzinski received the nod. Among the football players who were selected to be honored were in freshman football. Vic Orsolits, John Litz, and Scott Marcucci in JV football. Tom Jakubowski, Fred Puntonero and Darryl Bullis. Varsity football players who were honored included Mike Bristol. Joe DiBease. Mark Kempski, Bill George and Jim Taton.

Each year these awards banquets get bigger and better. But they do not get done by themselves. The SENTINEL Staff and the Class of 1974, on behalf of the entire student body at DHS, wish to acknowledge a very special debt of gratitude to Coach Frank Constantino for all his efforts toward making these banquets possible. We all know that without his dedication these awards banquets would never take place

Thank you, Coach Constantino!

Two roads diverge into a wood and I —
I took the one less traveled by
And that made all the difference.

Robert Frost

Med a reading of make your and Dancy
